

The solution for advanced pipeline **design** and hydraulic **analysis**

pipelinestudio®

for gas and liquid pipelines

PipelineStudio® combines the most robust and proven simulation engines with a user-friendly yet powerful set of features to offer a truly complete pipeline engineering tool on your desktop.

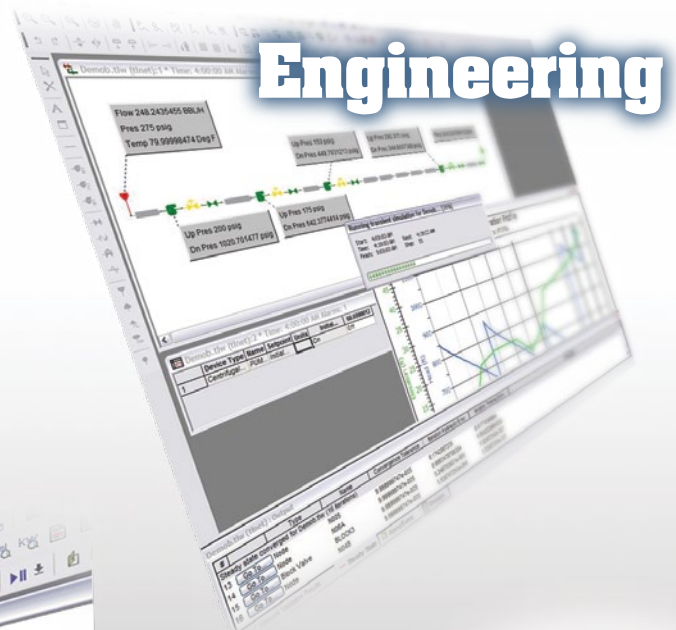

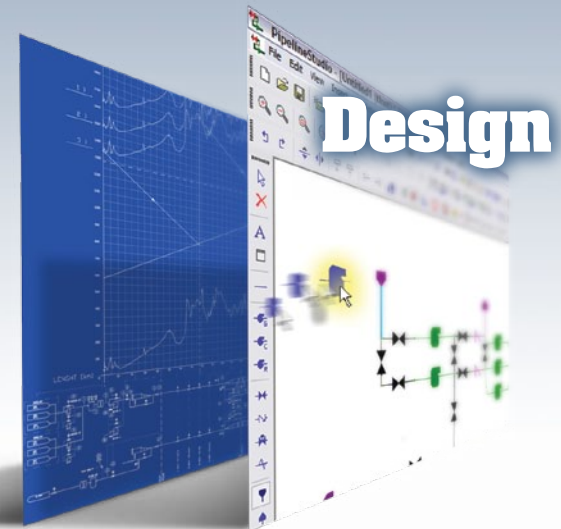

Steady-state & Transient: Run fast steady-state or fully transient simulations, interactive or unattended.

Easy to Use: Windows look-and-feel, sensible defaults, wizards, templates and libraries.

Flexible: Multiple equations of state, multiple friction factor correlations, multiple MAOP and DRA correlations.

Complete: Detailed models for pipe, block valve, check valve, supply, delivery, regulator valve, heater, cooler, centrifugal and reciprocating compressor, drivers, pumps, leaks and many more...

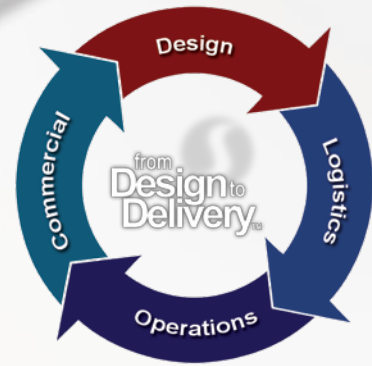

Powerful: Analyze your results with graphical profiles and trends, custom plots, tables, data blocks, network views or text files, all integrated with 3rd party software or other Energy Solutions tools.

from
**Design to
Delivery**™

energysolutions®

Who uses PipelineStudio?

- Oil & Gas companies
- Pipeline Transportation Companies
- Engineering Companies
- Consultant Companies
- Independent Consultants
- Regulatory Authorities
- Universities and Research Institutes

Why choose PipelineStudio?

- Ease of use
- Proven Technology
- Features and Functionality
- Evolving Product
- Integration
- Competitive price

What is PipelineStudio used for?

- Pipeline Design
- Flow Assurance
- Contingency Planning
- Risk Assessment
- Fuel Analysis
- Education and Training

About Energy Solutions International

Energy Solutions International is the leading global supplier of pipeline management software. The company's broad range of products drives excellence in operational efficiency, transaction management, throughput management, logistics and pipeline safety. Founded in 1976, Energy Solutions serves more than 500 clients in 70 countries through its offices in the United States, United Kingdom, Dubai, India, China, Singapore and Canada. Energy Solutions is committed to providing integrated solutions to address the unique challenges of our industry.
